

let your light shine!

Year 6 Summer Term 2 on a page

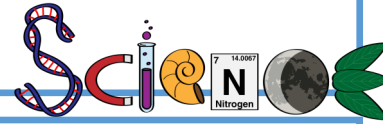

Maths: Themed projects, consolidation and problem solving. We will be reviewing all areas of maths in preparation for secondary school. We will also be working on how we can apply our knowledge to solve problems.

Science: Variation and fossils

We will continue to study inherited characteristics before moving on to explore the formation of fossils and what they teach us about evolution.

English:

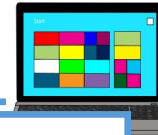

We are continuing to work hard on our writing and will be focusing on writing a non-chronological report and a piece of journalistic writing. The main areas that we will focus on are our use of varied sentences, making effective word choices and ensuring that we can change our tone/formality depending on the text type.

DT: Digital World
We will look at designing a product to fit a brief. We will use a CAD programme to create a 3D image. We will also enjoy a visit to Stamford College to make pizzas.

Computing: Binary

Children will learn how computers use binary (1s and 0s) to represent and process information, including working with numbers and simple digital states.

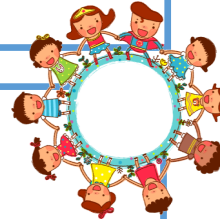

Geography: Fieldwork
We will look at issues which affect our local area. We will collect data through fieldwork and map data digitally.

PE: Athletic and Rounders

We will be enjoying cricket lessons delivered by Chance to Shine and working together on Outdoor Adventurous Activities.

RE: My Worldview

Children will reflect on their personal experiences, values and beliefs to explore and define their own unique worldview. They will consider what influences them, reflect on their own spiritual experiences and discover how strong moral values guide their lives.

Music: Singing
We will write our own song and perform it at our Leavers Worship. We will also learn songs to perform for our school play.

PSHE: Transition

We will be thinking about moving up to secondary school and how we can cope with the changes.

Spanish: Conversation

The children will work on holding a conversation, asking each other questions about themselves, their family, their likes and dislikes.

Important Notes

PE Day: Wednesday and Thursday

Termly Value: Wisdom
